Funded Project

Great Lakes Pollution Prevention Project: Biological Pollution and the Waterborne Transportation System

Project No.	710
Timeline	2003 – 2006
Award Amount	\$325,000
Team Leader	Allegra Cangelosi, Northeast-Midwest Institute, acangelo@nemw.org
Project Website	http://www.nemw.org/index.php/great-ships

This team worked with the Great Lakes Cities initiative and restoration strategy, as well as with representatives of other Fund-sponsored projects. The team compiled a briefing paper on the risks posed by the waterborne transportation system and hosted a conference in September 2004. This work supported the team's successful creation of a new basin institution—the Great Ships Initiative.
