

Appendix C:

Great Lakes Basin Physical and Readiness Watershed Characterization Tabulated Results

The following tables are provided as Appendix C to the report titled "*Great Lakes Watershed Sustainability Strategy (GLWESS): Watershed Characterization and Selection of Candidate Pilot Watersheds*":

1. **"Table C-1. Physical Scoring (US)"** - tabular summary of physical characterization metrics for all HUC-10 watersheds in the U.S. portion of the Great Lakes Basin.
2. **"Table C-2. Physical Scoring (CN)"** - tabular summary of physical characterization metrics for all quaternary-level watersheds in the Canadian portion of the Great Lakes Basin.
3. **"Table C-3. Physical Matrix (US)"** - summary matrix for "hydrologic impact" and "human impact" scores for all HUC-10 watersheds in the U.S. portion of the Great Lakes Basin.
4. **"Table C-4. Physical Matrix (CN)"** - summary matrix for "hydrologic impact" and "human impact" scores for all quaternary watersheds in the Canadian portion of the Great Lakes Basin.
5. **"Table C-5. Readiness Scoring"** - tabular summary of readiness metrics and "readiness index" for all HUC-8 in the U.S. and tertiary watersheds in Canada.
6. **"Table C-6. Readiness Notes"** - tabular summary of notes and comments related to the readiness evaluation for all HUC-8 in the U.S. and tertiary watersheds in Canada.
